

Maurice River Township Land Use Board
Addendum to Minutes of June 6, 2012

After the motion for adjournment was made, Chairman Stowman noticed that there were still members of the public in attendance and asked if anyone wanted to address the Board. Patricia Gross responded.

On a motion by Ireland, seconded by Carrara and a unanimous vote, a public session was opened.

Patricia Gross stated that she was emotional and upset earlier, but wanted to let everyone know that she appreciated everything that the Board does.

Stowman stated that Land Use Boards have to attend to what is brought before them.

Gross stated that she understood and thought that the Board went above and beyond not letting emotions take over.

On a motion by Ireland and seconded by Carrara, the public session was adjourned.

There being no further business,

Ireland motioned to adjourn. Carrara seconded. Unanimous.

Respectfully submitted,

Barbara D. Sutton, Secretary
