

COVID-19 VACCINATION LOCATIONS

List Updated: 2/22/2021 Please note that the following locations are available for eligible recipients to make an appointment to receive a vaccine. Appointments are limited. All listed vaccination sites may not have open appointments available immediately. The federal supply of vaccine to New Jersey remains limited. However, this list is updated frequently and new sites will be added continually. Please return to this page again if you are unable to currently schedule an appointment. Thank you for your interest in being vaccinated against COVID-19. **IMPORTANT:** The Pfizer-BioNTech COVID-19 vaccine is recommended for persons 16 years of age and older under the FDA's Emergency Use Authorization, however the Moderna vaccine is recommended for individuals 18 years and older. Not all sites administer both vaccines, so it is important to check with your vaccination site before scheduling a visit to ensure you are eligible.
